Mrs. Alexander

September 7, 2021

I hope everyone made time to enjoy the beautiful weekend.

We have begun Math Module 1, "Sums and Differences to 100". The students are learning to "make a 10" when adding two addends together. The students will take home their "Succeed" math homework workbook next week. I will discuss homework in next week's Zoom Back-to-School Night.

A September reading log is coming home for the students to record the titles of books and amount of time they are reading. We will begin our Home Reading program the first week in October. I'm hoping the students have some books at home they can read or perhaps they can visit the Camarillo Library and check out books in the meantime.

Back- to- School Night on Zoom: There will be two presentations for Back-to-School Night on Zoom (6:00-6:45 and 6:50-7:30). Parents will only need to attend one meeting. It is at this time that I will talk about second grade curriculum and expectations. I will not be able to talk about individual children at this time, but we will have the opportunity to do so at parent conferences in October.

Two-Day Work Packets: The teachers have put together two-day packets to keep at home. Please do not have your child complete the packet until you are instructed to do so. Keep in a safe place should an unforeseen emergency arise where the students will not be able to come to school. Mrs. Bakoo addressed the two-day packet in her weekly newsletter, Hawks Fly-er. There is a letter coming home as well explaining the two-day packet.

Spirit Day on Fridays: The students have been showing their school spirit by wearing blue and green or their Tierra Linda shirts/hats on Fridays. I believe there are some new designs this year. Visit our PTA's on-line spirit for information on how to purchase new spirit wear. <https://tierra-linda-pta.square.site/> .

Have a good week!
