Mrs. Alexander

August 30, 2021

Our first week of school was fantastic! The students seemed very eager to be back in school. I was very impressed with how polite and kind the students were this week. So many “please”, “thank you”, and kind words were said. For the most part, we reviewed procedures and engaged in activities to become acquainted with one another. The next couple of weeks we will continue to build on and review our classroom and playground expectations. I will also be assessing reading, writing, and math skills.

**Daily Communicator (yellow folder):** All of the students remembered to take their folders home and bring them back to school this week. Great job! Thank you, parents, for remembering to read and initial the daily message.

**Parent and Student Daily Self-Assessment for Covid-19 Agreement:** This year Pleasant Valley School District requires students to be assessed for COVID-19 daily prior to entering the school. Please sign and return the agreement form if you have not done so already. I have attached the form for you to use.

**After School Assessments:** After School assessments begin this Monday from 1:57-2:55. I will be assessing the students’ reading growth. I will walk the students out through the front gate at 2:55. Please email me if you need a reminder as to which day your child stays after school.

**Back to School Night is Monday, September 13<sup>th</sup>:** Back to School Night will take place via Zoom this year. I will let you know once a time has been decided.

**Parking Lot Rules:** As you know, the parking lot can be a crazy traffic jam after school. The teachers have been asked to remind our parents/guardians to exercise safety and caution while driving through the parking lot. Remember to pick your child up curbside or you can park your car and walk up to the curb to pick up your child. **The students are not allowed to walk through the parking lot without an adult, so please do not ask them to walk through the parking lot on their own.** Thank you!
